100+

Case studies compendium on Mobile for Social & Behavioral Change documented

My favourite thing about internet is, I can read a lot about Delhi. Earlier if I wanted to know something about places, I would ask my teacher. Now I just google the name of any place, and its almost like I am in that place.

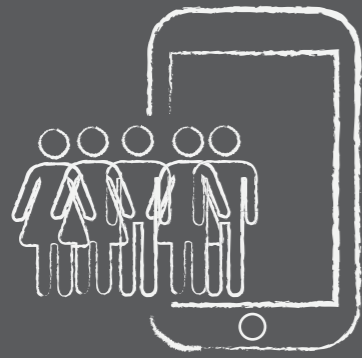

Saharun Khan, 11 years old

CIFRC

A group of women are seated at a long table in a community center. They are looking at laptops and some are holding children. The room has a window with a metal grille in the background. The text 'CIFRC' is overlaid in large white letters across the top of the image.
